

From Label to Festival

Continuing blog [part 1](#), we know that the first Moozak Festival took place in 2010. It was followed by a second event in the fall of 2012.

Moozak 2013

2013 will see the Moozak Festival taking place for the 1st time in the middle of Vienna, in the **FLUC**. There will be lectures and workshops in addition to the traditional exhibition- and concert-program and installations.

Synth-freaks will be especially interested in the contributions made by [Endorphin.es](#) (creator of the furthrrrr Generator and other eurorack modules) as well as by the Berlin distributor "Schneiders Büro".

The following have won 2 tickets each:

- Reinhard Wiedner
- Sophie Dvorak

Congratulations! Have fun at Moozak 2013!
