

VINTAGE Version of the Doepfer A-100 System

The color BLACK denotes “classic” and “exclusivity”, whether it’s in the fields of fashion or in the fields of technology. Following the increasingly frequent request, Doepfer now offers certain A-100 modules in black.

The modules come with appropriate silver-black buttons and – if desired – in a tasteful, black rack. Welcome to the A-100 VINTAGE version ... an instrument for purists!

The A-100 Vintage Version will be part of the Doepfer exhibition at the [SUPERBOOTH 2016](#) Music Fair in Berlin end of the month ...

Further info:

www.doepfer.de

We have attached some A-100 audio files. The system sounds brilliant ...
